No. 1361.

Venice, Oct. 13. O. S.

HE Rains have been so frequent here lately that the Country is laid under Water, and the Rivers so swelled that in many Places they overflow their Banks and wash away Farmhouses, &c. which has engaged the Government to cause the miraculous Picture of the Holy Virgin, of which 'tis said St. Luke was the Painter, to be expos'd for a Week together, and on the third Day of its being so expos'd it was carry'd in Procession, at which the Doge and his usual Company were present. The greatest Part of the Nobility and an extraordinary Crowd of People repair every Day to St. Mark's Church to pay their Worship to this Image and to pray for fair Weather.

Fontainbleau, Oct. 25. N. S. The King's own Regiment is one of those that has receiv'd Orders from the War-Office to go to Quarters in Roussillon. 'Tis well known that our Troops are to march to the Assistance of Spain, but where they are to be employ'd is not known, unless it be to attempt a Descent on the Island of Minorca, and to lay Siege to Port Mahon while the Spaniards besiege Gibraltar, in order thereby to oblige the English to separate their naval Forces. The Court is in an extraordinary Ferment; Cardinal Fleury is very sick, and his Illness appears to be dangerous.

Vienna, Oct. 13. O.S. Several hundred Recruits are arriv'd here that were raised in the Archbishoprick of Cologne. Colonel Tornaco who is still in the Circle of Swabia is negociating with the States and Nobility of that Circle for a great Number, and the Emperor has again demanded several thousand Men of some Princes of the Empire, by whom 'tis believ'd they will not be refused. By this means and the 25000 Recruits which are to be furnished by the States of the Hereditary Countries, 'tis reckon'd, that by next Spring the Imperial Regiments will be completely recruited.

Rome, Oct. 6. O. S. During the Week that the Pope's Life was in so great Danger, so much Business was done in dispatching of Commissions, hearing Petitions, and other Affairs, that above 90000 Crowns was paid into the Datary, or Secretary's Office.

COUNTRY NEWS.

Southwold in Suffolk, Oct. 27. On Thursday last the Bailiffs, attended by the several Officers of this Corporation, went in Procession to the Market-Place; and the Dragoons also quarter'd here, with their Swords drawn, and the Drums beating before them, proceeded round the Cross three times: Then the Magistrates mounted a Scaffold, erected for that Purpose, when the Town-Clerk read his Majesty's Proclamation, and War was declar'd against Spain aloud; together with the Acclamations of a great Number of Spectators, who appear'd at the same time with universal Satisfaction in their Faces. Then they proceeded to the Sea Side, the Dragoons with their Sword-Arms extended, and the right Foot of each placed upon a Cannon's Mouth, where War was declar'd a second time. Then they went to the Town-Tavern, where they drank his Majesty's Health, &c. and Success to his Forces both by Land and by Sea.

Gloucester, Oct. 27. Last Thursday Noon the Right Worshipful the Mayor, several of the Aldermen, and the Sheriffs of this City, met at the Tholsey, and from thence proceeded, in their Scarlet Gowns, to a Stage erected by the Cross, before which was drawn up a Party of the Dragoons quarter'd here; and after Silence commanded, his Majesty's Declaration of War against the King of Spain was proclaimed aloud; at the Conclusion whereof, the People, animated with the Hopes of seeing the many Injuries their Countrymen have suffer'd from the Spaniards redress'd, made three loud Acclamations of Joy: After which the Mayor, &c. drank the Healths of his Majesty and the Royal Family, with Success to the Arms of Great Britain.

Reading, Oct. 28. Yesterday about Twelve o'Clock the Corporation in their Formalities, the Clergy, and others the Gentlemen of this Town, assembled at the Town-Hall, and about One they proceeded to a Place erected for that Purpose in the Market-place, where, after the Soldiers of Col. Bland's Regiment (quarter'd here) had form'd themselves into a Square, his Majesty's Declaration of War against Spain was read by the Town-Clerk, and proclaimed aloud by the senior Serjeant at Mace, to the entire Satisfaction of the Populace, who expressed the same in repeated Huzzas. From whence the Corporation return'd in Order to the Town-Hall, where his Majesty's Health, and Success to his Fleet and Army, and several other Loyal Healths were drank, as that of the Prince and Princess of Wales, the Duke, and all the Royal Family, &c. &c. and the Evening concluded with the utmost Demonstrations of Joy.

They write from Bently-Green in Hampshire, that on Sunday last, about six o'Clock in the Evening, a Fire broke out in two Barns belonging to Thomas Hawkins, and consumed the same, with all the Corn, &c. to the Value of 300l. It was set on Fire by a Girl that lived in the House, by going into the Barns, with a Pipe of Tobacco and a Coal, by the Instigation of a Man that liv'd in the Neighbourhood.

Northampton, Oct. 29. On Saturday last War against Spain was proclaim'd here by the Sheriff, attended by his proper Officers, and a Squadron of the late Queen's own Royal Regiment of Horse, commanded by the Hon. Major Nassau and Capt. Otway, first on the Market-Hill, and afterwards at the George Corner, amidst a great Multitude of People, whose Acclamations and Huzzas shew'd the Spirit of true British Hearts. During the whole Procession, the Chimes at All-Saints Church play'd, *Britons, strike home*, &c. as did the Kettle-Drums, Trumpets, &c. in their proper Turns.

Dr. ROBERT EATON's BALSAMICK STYPTICK.

Truly prepared and sold at the Doctor's late Dwelling House, now Mr. DUTTON's *in Salisbury Court, Fleet-street.*

THIS Medicine restrains in a most surprizing Manner, all internal as well as external Hemorrhages, *i. e.* it infallibly and quickly stops all dangerous Bleedings at the Nose or Gums, spitting or vomiting Blood; also the immoderate Flux of the Hemorrhoides or Menses; bloody Urine or Stools, bleeding of large Wounds, &c. (if used according to the plain Directions given with it) as will appear by the Certificates of several Eminent Physicians; and in the large Account of this Medicine, written by the Doctor himself, and dedicated to the College of Physicians, a little before his Death.

It keeps good for many Years, at Sea or on Shoar, at Home or Abroad, *i. e.* in all Climates, therefore must be universally Useful.

The Doctor not only obtained his Majesty's Letters Patent for the sole Vending of this most Excellent Medicine; but also a Clause in a late Act of Parliament, exempting this Medicine from the Inspection of the Censors of the College of Physicians, to which all other Medicines are liable.

N. B. Some of the Apothecaries prepare a Styptick from a Prescription of Helvetius, and use it in the Room of Dr. EATON's; but whoever tries both, will soon be persuaded that Our's exceeds their's in all Respects, in a most eminent Degree.

Sold, by Licence, at Garraway's Old Shop, Practical Scheme, at the Royal Exchange; Mr. R. Bradshaw's Warehouse behind the Royal Exchange; Mr. John Potter, Chymist, in Bartholomew Close; Mr. William Evans, Bookseller, in Bristol; Mr. Hammond, Jun. Bookseller, at York; Mr. Roe, Bookseller, in Derby; Mr. Raikes, Printer, in Glocester; Mr. Dicey, Printer, in Northampton; Mr. Thomas Greenhill, Mercer, at Bath; Mr. Abree, Printer, at Canterbury; Mr. Howard, an Apothecary, at Kidderminster; Mrs. Trobridge, a Shopkeeper, in Exeter; Mr. Hallifax, an Apothecary, at Brackley; Mrs. Unett, a Bookseller, at Woolverhampton; and Mr. Bryan, a Printer, at Worcester.

Concerning Gleets *and* Seminal Weaknesses *of all Kinds.*

ALL judicious Physicians and Surgeons allow, that nothing is more difficult to cure than Stubborn Gleets and Seminal Weaknesses, whether occasion'd by too severe purging for Venereal Injuries, violent Strains, Pollutio sui, or any other Cause whatsoever; and that they are dangerous in their Consequences, as well as difficult to cure, is as certain, since they exceedingly weaken the Generative Faculties, infeeble the whole Nervous System, often bring on Hectick Heats, a Tabes Dorsalis, or Consumption of the Back, or an Atrophy or Nervous Consumption, which frequently terminate in Death itself.

All such, therefore, who have the Misfortune to be troubled with Old or Stubborn Gleets, Seminal Effusions, Involuntary Emissions, excessive Nocturnal Pollutions, or any Weakness of the Kidneys, Ureters, or Bladder, the Diabetis, or Incontinency of Urine, or Difficulty of holding their Water, would doubtless be glad to meet with a certain, safe, and speedy Cure, which they most assuredly may, by taking only a small Quantity of a transcendent BALSAMICK RESTRICTIVE ELECTUARY, now published for a general Good, after having for many Years been experienc'd never once to fail perfectly curing the most Stubborn Gleets known, in a few Days, without Difficulty or Trouble, or any other Weaknesses of the Back, Reins, Seminal Vessels, or Urinary Passages, which it almost instantly cures, restoring to rights and restoring all those Parts and Passages to their natural Tone and pristine Vigour, in a very extraordinary Manner, and by taking a few Doses of it only.

This transcendent BALSAMICK RESTRICTIVE ELECTUARY is neither disagreeable to take, nor occasions the least Disorder, but is a wonderful Restorative in all Weaknesses and Decay of Constitution of any Kind, and particularly strengthens the Back, Reins, Seminal and Urinary Vessels to an immense Degree, insomuch that in any Debility of them, one Dose of it does more than ten of any other Remedy yet found out; and all Persons fatigu'd with Gleets or Seminal Weaknesses of any Sort, or Weaknesses of the Urinary Vessels, who take it, will in three Days time find it so very effectual, that they will be most agreeably surprised at it.

When a Medicine will infallibly accomplish such a safe, speedy and perfect Cure of such difficult Maladies, as Gleets and Seminal Weaknesses are, as this Great Remedy truly and directly will, even after all other Means and Medicines have been tried in vain; too much cannot be said in it, and this All who ever took it for any of the above-mention'd Purposes, have readily declared.

The Price is but 6 s. a Pot, altho' for its absolute Efficacy, one Pot alone being sufficient in most Cases to accomplish a Cure, worth ten times as much, and by the Author's special Appointment, is to be had only at Mr. Raffael's Toy-shop, at the Rose and Crown against St. Clement's Church Yard in the Strand, ready sealed up, with a Book of Instructions, which whomsoever carefully reads will perfectly know, when the Gleet or Weakness he is afflicted with, succeeds a Venereal Injury, whether all the Malignity of the Foul Disease is intirely eradicated or not.

Note, Ask only for a 6 s. Pot of Balsamick Electuary.

The most Fam'd and long Experienced Chymical Drops For ASTHMA's and CONSUMPTIONS,

That have been Sold so many Years, and with such uncommon Success and Benefit to the Publick, by Mr. Parry, and his Predecessors, in Boar's-Head-Court, Fleet-street; *and, since Mr. Parry's Decease, have been and still are sold only by Mr.* Read *for* 3 s. 6 d. *a Vial, at his House in* White-Friars. (*N. B. You are in just by the* Sun Tavern *in* Fleet-street, *and it's the great Corner House in* White-Friars; JAMES READ, *in great Letters, is wrote over the Door.*)

They are a most Incomparable and never-failing Medicine for the immediate Relief and perfect Cure of the most confirmed ASTHMA *of the longest Standing:*

And of all Sorts of CONSUMPTIONS, *even when far advanced, as not to be cured by any other Medicine in the World.*

FOR their Virtues vastly exceed any Thing that ever was published, or even known in the whole World, in the Cure of the worst Asthma's and Consumptions of all Sorts, Coughs, Colds, Catarrhs, &c.

They instantly relieve the Patient in the most suffocating Fit of an Asthma, and make a perfect Cure in a very few Times; for they gently open the Breast, and immediately give Liberty of Breathing, without danger of taking Cold; they admirably allay the Tickling, which provokes frequent Coughing, and take off the uneasy Sensation of continuous Hymours, cleanse the small Glands, relax the Fibres, and thereby enlarge the Capacities of the Vessels; thus they regularly and quickly Cure the most obstinate Asthma of the longest Standing.

They speedily and to Admiration cure all Sorts of Consumptions, Ulcers of the Lungs, &c. removing all Obstructions of the Breast, and Lungs, Hoarseness, Wheezing, Soreness, Shortness of Breath, and all the usual Symptoms which attend the Beginnings of a Consumption; and, if taken in time, will infallibly prevent one when feared. They are also exceeding nutritive and strengthening to Persons of weakly Constitutions, and have no other sensible Operation than as mentioned above.

And by Parity of Reasoning this most excellent Medicine is (and well known to be) the most sovereign Remedy in the World for those troublesome spitting Coughs, which many are severely troubled with Night and Morning; and also for the Chin-Cough, and Hooping-Cough in Children, having cured Thousands; is so agreeable, and so few Drops to a Dose, that Children take them with Pleasure, and without any Confinement.

In short, these unparallel'd Chymical Drops are the most infallible Remedy that ever was known, (and therefore defy the faint Efforts of all Counterfeiters or Imitators) for the Ailments above-mentioned, and allowed to be so by the most Judicious amongst the Learned in Physick, and confirmed by the largest Experience in private Practice, and are made Publick for Common Good.
